

**LIBERALS WILL
CARRY 75 SEATS**

Reports From Organizers Throughout Province Point to a Good Majority for Scott.

Regina, August 10.—With only four days to pass before polling day, the supporters of each party are redoubting their efforts. Although the Conservatives have a very large vote to be polled on Friday, the reports coming in to both Liberal and Conservative organisations on all parts of the province predict a very close contest, and the results fairly definitely. Basing their calculations on these reports, the Liberals assert that the government will win at least 35 seats and have every chance of making the number of wins nearly 50. In supporting the estimate of 35 seats, every doubtful seat was marked Conservative. On the other hand the Conservatives have spread the rumor abroad that they expect to capture 40 seats. In the inner circles of the Liberal organisations, however, Con-

ing the estimate of 25 seats, every doubtful seat was marked Conservative. On the other hand the Conservatives have spread the rumor abroad that they expect to capture 100 seats. In the inner circles of the

Imported Organizers. The Haulfunk work in many cases was managed by Communist organizers imported from Manitoba, and in some cases Canadian Conservatives did not take at all to the work. The outsiders who organized the work were not always well received in the local Communist campaign. The Conservative leader criticized, however, that his supporters were doing no more for each candidate. "So far the Liberals have done well. So far the Conservatives have had the best of the platform part of the campaign, and in every part of the province the Conservatives have been dealt with and all efficient

It is being continually urged that Haultain is being backed up by the people of the province in the Hudson Bay Railway construction as a national undertaking. The basis of the campaign to date is the nomination of Frank Turcott, of Regina, as a candidate for the constituency of Duck Lake. Turcott was selected for the place by the Com-

active organizers here without counting the members of the party in constituency. The organizer's idea is to prevent the government securing a single seat by acclamation. He succeeded in doing so, but has made Conservatives the laughing stock again.

Tell Had Nothing To Do With Brownsville Affair.

Oyster Bay, Aug. 9.—President Roosevelt, in a statement issued tonight, made it clear that the entire responsibility was his for the issuance of the order charging the battalion of negro soldiers for alleged participation in the Brownsville, Texas, rioting and the refusal to permit a suspension of that order.

The president last night was shown an interview which was had in Washington with General Henry C. Corbin, U.S.A., retired, in which General Corbin stated that while Mr. Taft was in the master control of the president, he was not the master of the president.

After reading the interview, the president, through his assistant private secretary, Rudolph Foster, gave out the following:

"General Corbin's statement is absolutely correct, and it was entirely proper he should make it. The substance of the message was made public long ago. In the Brownsville matter the entire responsibility for issuing the original order and for declining to allow its suspension was the president's."

In his interview General Corbin related in substance that Mr. Taft was in no way responsible for the order discharging the battalions of the 25th infantry, and that in doing so the then secretary of war had obeyed the direct order of the president.

General Corbin then recounted the circumstances as they occurred and was published following the Brownsville affair.

Attempt To Destroy Family.

St. Thomas, Ont., Aug. 9.—At midnight Saturday an attempt was made to burn the home and property of Wm. McCallum and family. A galvanised iron pan, containing explosives with oil and kerosene, was placed on top of the door knob. A short candle was placed in the pan, and the explosion was terrific, but the force went out of the house and the front portion of the yard and was scattered. A few pails of water extinguished the blaze before it had time to spread. The explosion was a big one, and the McCallum family was a big one.

BOY MILKED NEIGHOR'S COW.

And as a Result There Was a Gun Battle in the Neighbourhood.

Newton, Mass., Aug. 10.—The alleged action of an Italian boy in milking a neighbor's cow, last night, started a battle which today culminated in the shooting of the boy, and his mother, and much damage to their home. The victims are Mrs. Dominio Caponi and her son, Frank, who is accused of milking Tony Othel's cow. Othel and his brother, Pasquale, are now on a \$10,000 bail each, pending a hearing on a charge of assault with intent to kill. Tony Othel, believing that the Caponi boy had milked his cow, attempted, it is said, to chastise the lad when he met him in the street last night. The Caponi boy told his father, and this afternoon the elder Caponi hunted up Tony Othel, and it is alleged that he hit him on the nose. Othel then called his brother Pasquale and each carrying a double barrel shotgun, proceeded to the Caponi home and began a profane shooting at the house. Mrs. Caponi and Frank were wounded, but Dominio Caponi managed to escape.

INCENDIARY CAPTURED.

Mention Fire Bug Left Trail of Destruction Behind Him.

Moncton, N.B., Aug. 10.—After leaving a trail of incendiary destruction behind him, Frank Williams, aged 28, and believed to be usually inebriated, was arrested by the police early this morning and is in jail awaiting trial.

While making his rounds about one o'clock this morning Watchman Cowan of the Builders' Woodmen lodge saw flames coming from a lumber pile. As he approached the pile he sprang from behind the lumber pile and fired. An alarm was given and the fire extinguished with little damage. The man fled towards Humphrey's street, and was followed by the firemen. Mrs. Joseph Rault sprang into the street and was turned with all her contents, the loss amounting to \$100. While the barn was burning a fire broke out among the big stacks of lumber piled along the I. C. R. track. The men employed on the lumber were ordered to leave the area. The fire continued, after destroying two hundred barrels. The police had been notified of the fire's disastrous work and patrol was sent from the city. Williams was captured.

MEN BEHIND RAILWAYS.

Employees Join in Fight Against Reduction of Railway Revenue.

Chicago, Aug. 10.—While shippers' organizations in all parts of the United States are fighting the railroad tooth and nail, to secure reduction in the freight rates or to prevent increases, thousands of railway men are doing the opposite. They are planning a vast campaign in the interest of their employers.

Definite ways and means have not yet been decided upon the general plan of the plan includes an extensive campaign of education to show the public the necessity of increasing the rate of the roads to increase the earnings.

It is also proposed to increase their rate of the roads to increase the earnings. The Chicago division of the Union Pacific railway conductors has already taken action in the matter.

VICTORIA INHERITANCE TEST \$10,000.

Victorian, B.C., Aug. 10.—After spending ten days in jail because he could not prove his right to a fortune of \$10,000, Alfred Arthur Johnson, a. a. Stanley, as he has always been known, received word yesterday that he had fallen into a fortune of \$10,000, through the death of a relative. The father was a Trinity House pilot, and settled on annuity some years ago upon the son, which as has never collected. The family had been in the hands of the law, and communicated with the police. The son, however, was seized by a Vancouver detective here on another case.

An Unwarranted Job.

Kingston, Ont., Aug. 9.—A liquor detective paid a visit to Ballantyne and Harrowsmith townships and Daniel Graves, of Harrowsmith, was convicted on two charges and fined \$75 and costs in each. Woodruff and Brantley, of Ballantyne, were fined \$75 and costs. At the railway station a youth with a camera endeavored to get a picture of the whiskey detective but the officer stopped him and confiscated the camera. It is understood that sketches of the informer were secured, and will be scattered among the hotel men.

Prisoner Escaped Through Window.

Lindsay, Ont., Aug. 9.—After Magistrate Moore had received judgment yesterday afternoon in the case of G. Walker, accused of the murder of a woman and six dollars, and while Chief Vincent crowded the crowded room for papers, the prisoner fled toward a window open eighteen inches from the ground, and, recovering from the fall of seven feet, escaped.

Baved Troubled of Suicide.

Townsville, Ohio, Aug. 10.—While about a month ago he had been for the purpose of committing suicide, James Larimer, a farmer living in the town of Larimer, died yesterday. Death was due to apoplexy, brought on by excitement, according to the coroner.

Rabbery in Belmont.

Belmont, Mass., August 9.—Sparks hardware, Drummond's office and Osgood's butcher shop and other places in the town. The thieves secured five hundred dollars worth of jewelry and one hundred seventy dollars in cash.

Elections Imminent.

Ottawa, Aug. 9.—From an unusually reliable source the information comes that the government printing bureau begins printing the voters' lists for the federal elections Monday.

It involves no more effort and comparatively little more expense to get a good suit or overcoat, than it does to get an ordinary unsatisfactory sort of garment. It is merely knowing what to get, and where to get it.

It Pays To Be Right

And there is no place where it pays better than in the harvest field.

That is one place where mistakes are especially costly. To come successfully through the season to the harvest time and to have a full and a just reward because of inferior or imperfect harvesting machines is unfortunate, indeed. You may make more of success by buying a Deering binder.

The Deering binder is designed and constructed with a view to efficient and long continued service. It meets fully the most exacting demands of the grain grower.

Should the grain be tall or short, light or heavy, standing or down and tangled, the Deering will harvest it all cleanly and without loss.

Being made in four sizes—5.7, 6.7 and 8-foot cut—the Deering binder meets a wide range of uses.

The wide-cut binder is especially valuable to the large grain grower, being of unusual capacity.

WESTERNERS WINNING

Henry Cousens St. Catharines, Ont., Aug. 18, 1930. The following is the result of the second day of the twenty-ninth race of the Canadian Henley, there being a large crowd assembled in the grand stands and along the course, making a very picturesque sight.

The Winnipeg crew, in the second four of the day, in the first four of the Henley, won the trophy after the race, which was won by the St. Catharines crew, after considerable delay, got them away again, Winnipeg, having the middle position, both Winnipeg crews leading with Detroit's fourth behind.

All the way home it was a battle, Detroit steering all over the course after losing a lot of time on the turn. So even were the crews that the spectators had to wait for the judge's decision, which was given to Cousens' crew (No. 2); time 9:10.

Winnipeg won the other eight from Argonne in a hard race, both got away good, but Winnipeg crew, in the lead, which was main, led to the finish.

Jacobs won the senior singles, in sixty yards in a push from Burns of Buffalo.

But money changed hands in a struggle on the grandstand and during the race, which was won by the crew of about two hundred dollars in prize money of Ottawa ten dollar bill.

The method was to place bets in the grandstand and get out to make change for him. Nearly all the Port Huron hotel keepers were slung the sharper, got away.

Though the police have in description the annual meeting of the C.A.A. and the Henley, the executive committee was asked to take action on the matter.
